"The [T-N-T] Leash is by far the best pet product available on the market. I walk 3 dogs at a time and my ... Double leash is a God send. I have 6 Greyhounds and could not manage without this product. It allows me to walk my dogs tangle-free and without worrying about dropping one of the leashes. I love this product so much I just purchased a second double leash and a single as well" Regards, Barbara Holly
